STUDENT'S WORKSHOP NOTES
INAPPROPRIATE CONTENT

Workshop Notes

This Workshop Notes summarizes the most important information highlighted in the workshop you attended. The points below serve as a reminder to help you stay aware and informed about Inappropriate Content. Do not forget to share this information with your family and friends to help them become more aware of Inappropriate Content. ☺

Inappropriate content is that which breaches norms or standards on social, religious, cultural or other grounds.

Inappropriate content means different things to different people. What might be inappropriate for one culture, in another culture is a totally acceptable thing.

Inappropriate doesn't necessarily mean illegal. Some of the inappropriate content is illegal too but some is just inappropriate for example for certain age group.

Inappropriate content is very harmful as it changes our mindset, mislead us and hurt you feelings.

Evaluate site content that you access by asking yourself is it a reputable site? Does it provide useful information? Is it relevant and appropriate to my age and does it have contact information available?

If you come across websites that have inappropriate content, exit the site and talk to someone you trust like your parents or teachers.

On Social Networking sites, report inappropriate comment or post to the site administrator i.e. on Facebook.

DO NOT open links from people you do not know.
